

# Confidence in your muni bond insurer should be a given, not a goal.

The municipal bonds you invest in today may encounter any number of issues tomorrow. Investors know that economic changes, political shifts – even weather – can affect their bond's performance. But bond insurance from Assured Guaranty provides investors with significantly greater levels of certainty and protection over the long term.

- Our financial strength has continuously protected investors from unforeseen events – and saved money for issuers – for more than three decades.
- We have \$11 billion in claims-paying resources across our group.\*
- Our proven business model generates positive earnings from a more than \$10 billion group investment portfolio, over \$3.5 billion of unearned premium reserves and new written business.
- We've kept insured investors whole – and handled settlement negotiations – in situations like Detroit, Harrisburg, Jefferson County, Puerto Rico and Stockton.
